Chapter 1- Relaxing

One morning, Luna, Arc,
and myself woke up at
the beachfront. Then we
went into our relaxing
chairs with piña coladas.

Chapter 2 - Mystery

Suddenly, we heard someone drowning. However, when we went in the water, the person who was drowning had disappeared!

Chapter 3 = Rescue

We rushed to get our diving gear. As we dived into the ocean Arc said, "Ella it turns out to be a boy mermaid targeted in seaweed." I said to him...

Chapter 4 Happy Ending

Luna used her tail to tug into the seaweed and then the boy mermaid got free. Next he said, "Thank you my heroes." We said, "You are welcome..."

Chapter 5 - New Adventure

The next morning Arc and I woke up early. Then I said, "yesterday was so fun, I want to do it again!" We both cheered, except Luna wasn't there. "Where is Luna?" I asked. Arc didn't know.

Chapter 6 Luna is missing.

Arc said, "Hurry we need to find her!". We looked everywhere. At the beach, after two hours, we got tired and took a one-hour nap. When we woke up I said, "Hey there is a place we haven't looked..." Luna was under the cover the whole time.

Chapter - 7 new friend

Luna heard strange sounds coming from the bathroom. We went to investigate.

There, under the sink, we heard whimpering.

It turned out to be a lost puppy. "Hi!" She

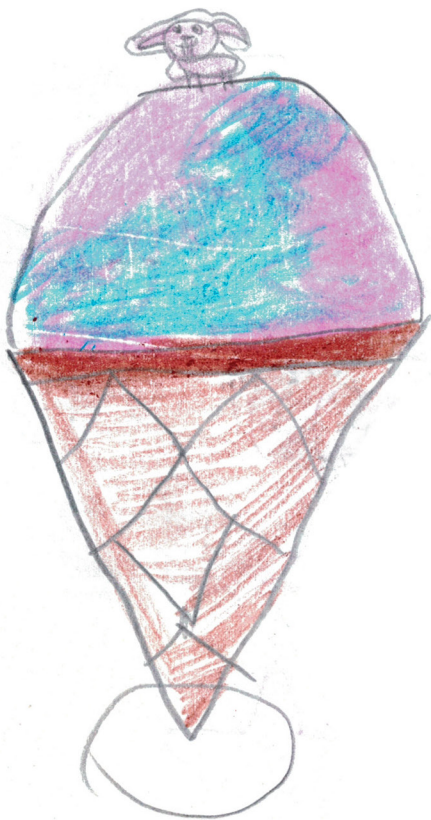

said. "I'm lost and don't have a home." "Don't

worry you can stay to live with us," I said.

Chapter 8- Bubble Gum's Adventure

After Bubble Gum settled, we decided to go to a shop where we can make ice cream. Then Arc said "This will be your first adventure since you don't know how to save people." We all smiled.

Chapter=9 Happily ever after

We been training Bubble gum to save people. We even got her a diving set. Now she could go on undersea adventures with us.
