

My Teacher Was an Alien

By Noah Spence

Hello-my name is *I hate school*. My actual name is Noah. I have blonde hair and am wearing a red shirt and jeans. Today was the last day of school and I was walking into the cafeteria around 12:30. I said hi to my teacher, who was walking down the hallway, but I turned to go eat lunch. I sat down at a table with my friends and opened my lunch pack. I saw my teacher rip off a mask. Mr. Debrow was an ALIEN! Being the curious nerd I am, I investigated. I followed my teacher while he went into a secret lab. The door shut behind me. I saw his plans to destroy the universe out of the corner of my eye. I saw a tube and looked at it for a second. I got in the tube and hit the red button. I closed the tube and it gave me special gear to put on. When I came out of the tube I saw the alien. I looked at him for a second. I saw him and he saw me. I snuck out of the secret lab. Through the vent the alien got in his flying saucer so I hurried out of the cafeteria. I ran outside to stop the alien.

He took off. I ran after him and he was going super fast. Then I realized that there was a button on the suit. I pressed it. It gave me super speed so I ran as fast as I could, I caught the alien, I threw him in jail, and then I came home from school that day. I felt great. What I didn't know was that he was breaking out of jail the minute I left and went back to his planet Gorgon. He probably would be back for revenge!
