### My Sister's Toy Unicorn

One day, I was in my mom and dad's room when I heard my sister calling. She couldn't find her favorite stuffy unicorn. So, I headed over to her room and started looking for it. First, we checked her stuffy bin, where the toy unicorn might be. Then, we searched her bed. I thought I had found the unicorn when I saw a lump in the bed, but it was just some other stuffies. Then, I suggested, "What about under your bed?" and that's where we found the unicorn! Then, we went to my mom and dad's room, I got back into the bed, my sister got into the bed, and we were all done. I am glad I helped my sister.
