

Trash World

If I spent a day in my dream world, I go from EARTH TO TRASH WORLD! It is a planet where there is more trash on there than Earth! I like garbage trucks so there are more garbage trucks there because there is more trash there.

Every week is extra bag week and every day has one bag or more piled up on the street. Some people don't have carts. I get to 2 trash trucks in one day.

After I'm done collecting garbage I get home. I have 2 convoy or belt toy trash trucks. I play with them. I love GARBAGE TRUCKS!
