

The Archer Travels By Keeran

One dark night, an archer named Dart wanted to go and travel. He never traveled before so he just wanted to do something new! But there was a problem. He did not have anything to travel with, then BOOM! An idea popped up his head to build a transportation. Dart finally built transportation MECH 3000 and Dart headed to travel. After 100 miles blue purple spotted monster from Monsters.inc. The monster smashed the MECH and it exploded. Dart flew and landed in a pile of manure and a slimy green oozy monster came out of the manure. Dart shot it with his bow and arrow and the monster fell to the ground. Dart took out the monsters heart and right when he touched it he got elemental powers! Then he saw the purple monster from Monsters.inc. Dart used fire power on the monsters. The monster fell but it revived and they had a big fight. Dart dashed and shot a big shot with his bow and arrow and Dart missed! Dart was mad. He teleported above the monster and started floating! Dart spun around the monster so fast that the monster fell and an explosion happened. And Dart flew into space and saw space monsters
