

My Special Shelter

Everyone needs a special place where they feel safe and happy. My special shelter is my home and the people I love.

I do not like being alone. I also get scared of bugs and darkness. When I am with my family, I feel safe because they protect me, care for me, and love me no matter what.

I also care for my little sister the way my parents care for me. When I play outside with my friends, I feel safe and not when I play alone. To me, a special shelter is not just a place. It is the people who make me feel loved and protected.
