

My dream vacation

- Paavai Kathiravan

One morning while we were planning our family vacation, I suggested we go on a road trip to the purple sand beach, and everyone agreed. I went to pack my bag with beach toys, my swim suit, snacks, and some painting materials. I was also getting my place in the car ready.

The next day, I woke up and got in the car and got comfy with my siblings until we got going. I was surprised to see that we were going to stay in a beach house that was floating on the water. After we checked in, we went to our room and fell asleep.

On the second day, we had breakfast in the hotel then we went to the purple beach. At the purple beach we saw our friends and it was a surprise. We played together in the water, built purple sandcastles, and even built a purple kingdom with a purple pool. Then we had a picnic with our friends, made each other mermaids, and collected sea shells.

On the last day, we explored the hotel because it was a chill day. After our breakfast, we went to the pool in the hotel and had lunch at the seafood restaurant next door. Finally we painted the sea shells with our friends, made friendship bracelets and shared them as a gift for each other. The next day we drove home with good memories from the vacation.
